GIANT

CYCLING SUNGLASSES

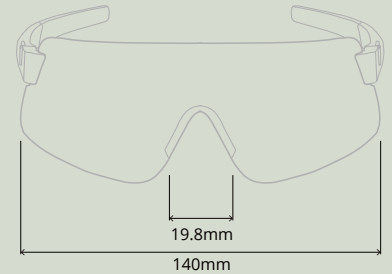

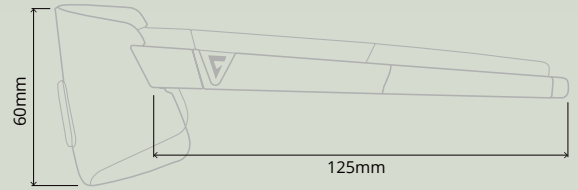

PRECISION VISION

From the featherweight Helio to the bold attention-grabbing Agos to the effortlessly stylish Eon, Giant cycling glasses come equipped with cutting-edge lens technology to protect your eyes and enhance your ride.

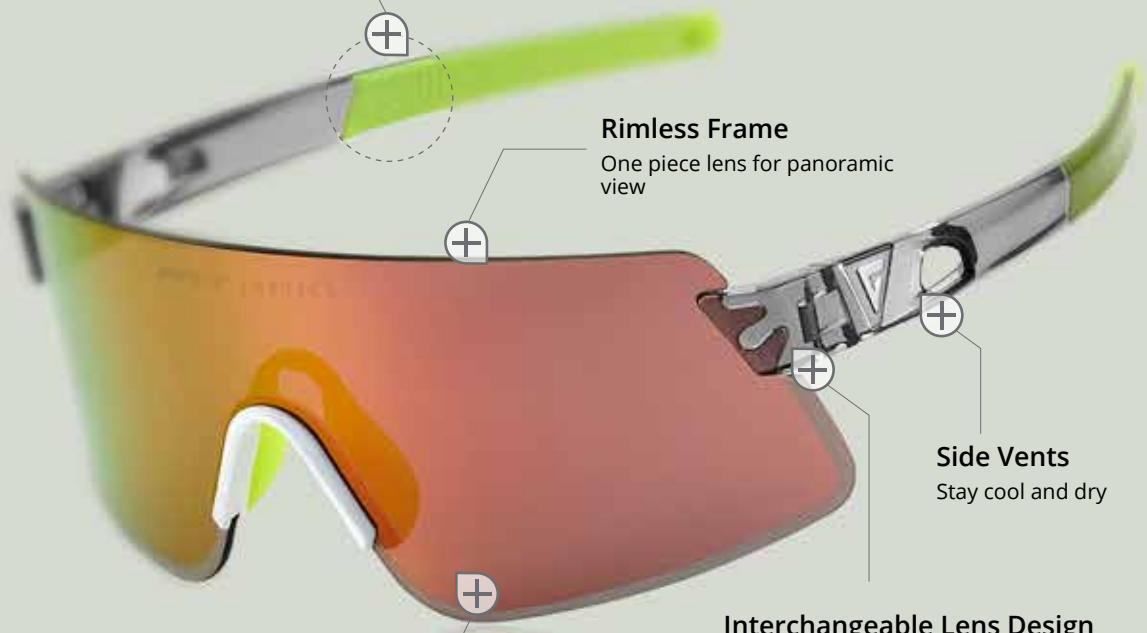

ULTRA LIGHTWEIGHT, ULTRA PERFORMANCE

The Helio is designed for elite riders seeking the ultimate in weight savings, stylish looks and high-end, high-performance interchangeable lens technology.

Dual Rubber Injection Tips
Comfortable and stable grip

Rimless Frame
One piece lens for panoramic view

Side Vents
Stay cool and dry

Hydrophobic + Oleophobic Coating
Keeps lenses smudge-free for crystal clear vision

Interchangeable Lens Design
Swap different lenses to adapt to any environment

Full Frame Insert Compatible
Fits just about any prescription lens

Impact Resistant Base Lens

Swiss EMS TR90 Frames
Durable, flexible, ultralight and hypoallergenic.

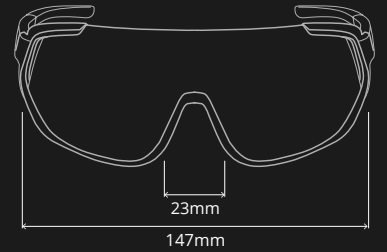

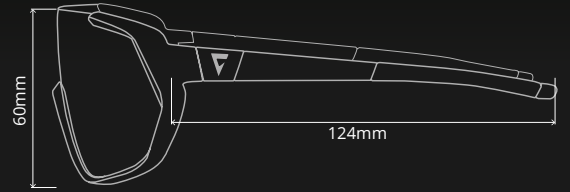

Adjustable Hypoallergenic Silicone Nose Pad

READY FOR ANYTHING

Bold and stylish, the versatile Agos enhances any road, gravel or mountain bike ride with cutting edge lens and frame technology.

Silicon Padded Tips

Comfortable and stable grip

Semi-rimless Frame

Enhances vision in the heads down position

Interchangeable Lens Design

Hydrophobic + Oleophobic Coating

Keeps lenses smudge-free for crystal clear vision

Lens Cut Vents

Prevent moisture build up and fogging

Full Frame Insert Compatible

Fits just about any prescription lens

Impact Resistant Base Lens

Swiss EMS TR90 Frames

Durable, flexible, ultralight, and hypoallergenic.

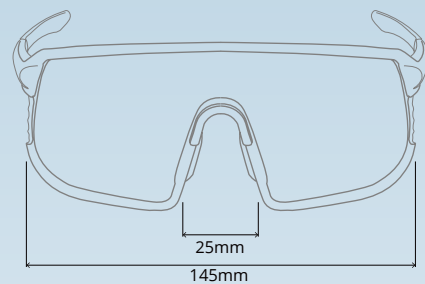

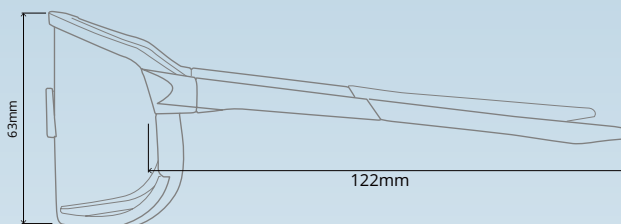

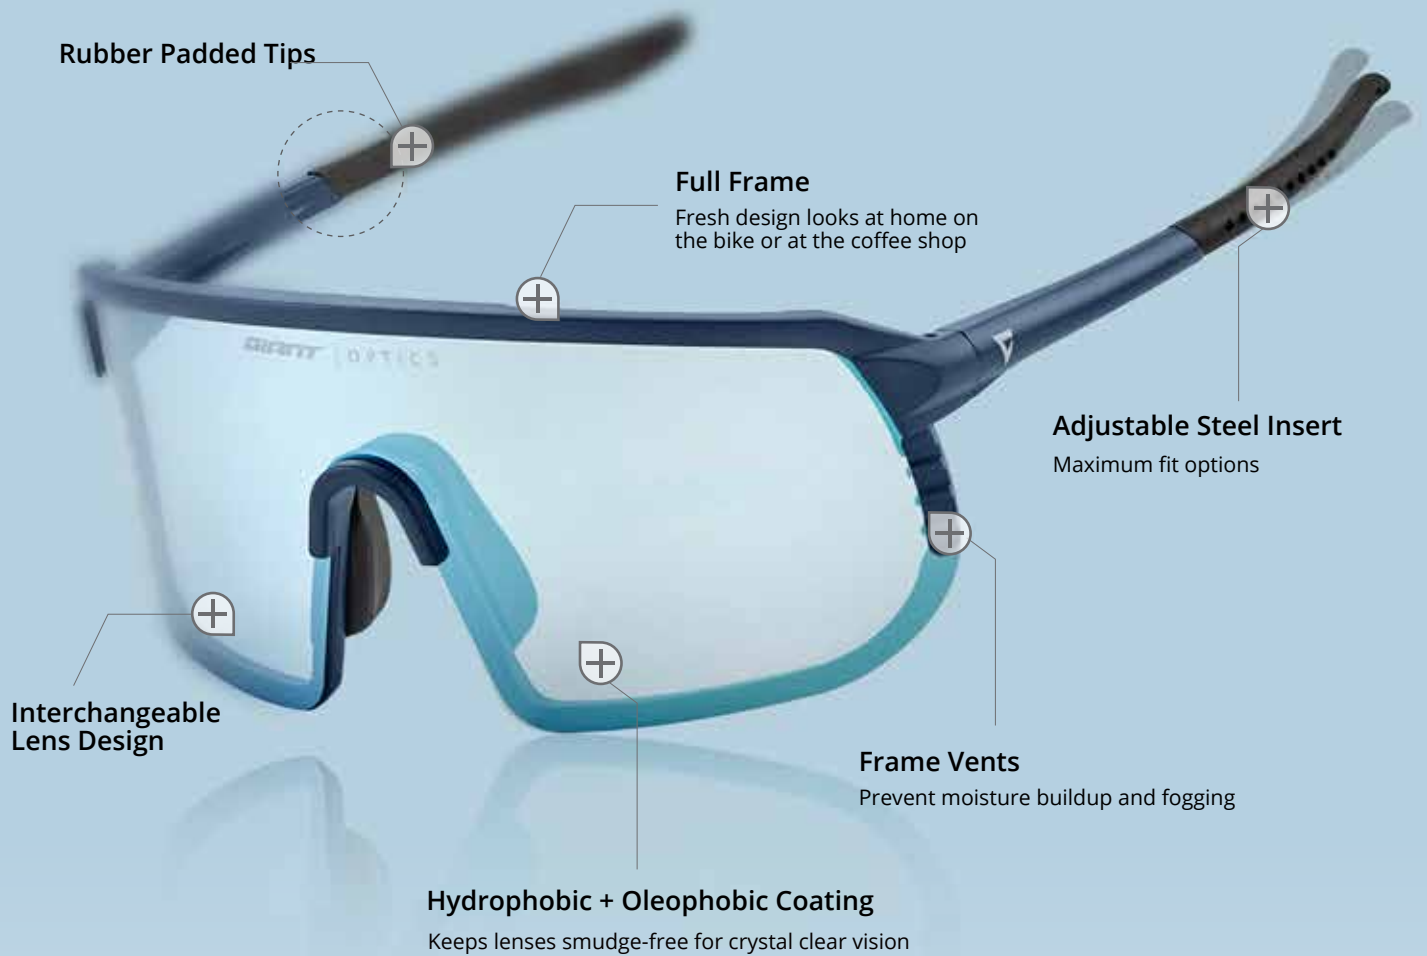

Adjustable Hypoallergenic Silicone Nose Pad

STYLISH AND COMFORTABLE

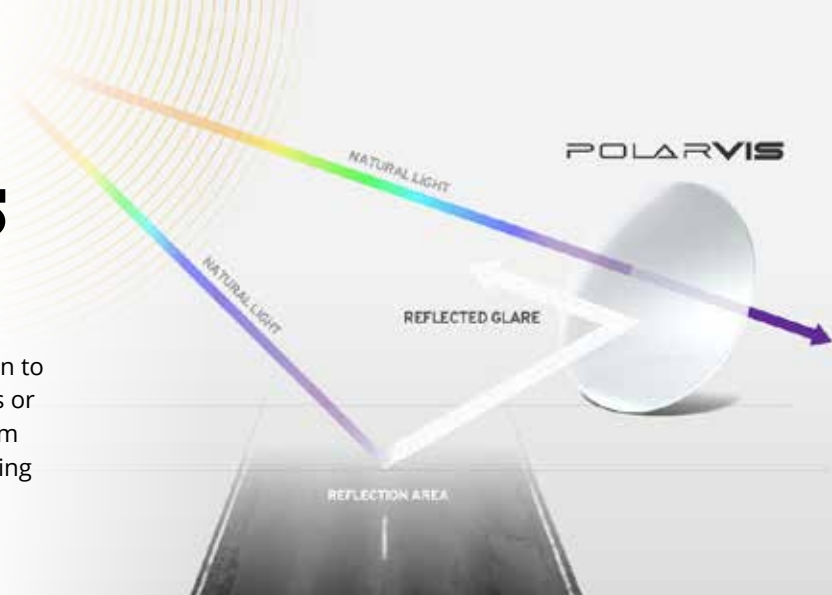

The Eon moves you up the road or trail with lightweight flair and confident clarity.

POLARVIS

POLARVIS LENS TECHNOLOGY

PolarVis Lens Technology uses optimized polarization to cut through the glare from bright sun, car headlights or water and snow, allowing you to enjoy a full spectrum of colors and clear vision without squinting or straining your eyes.

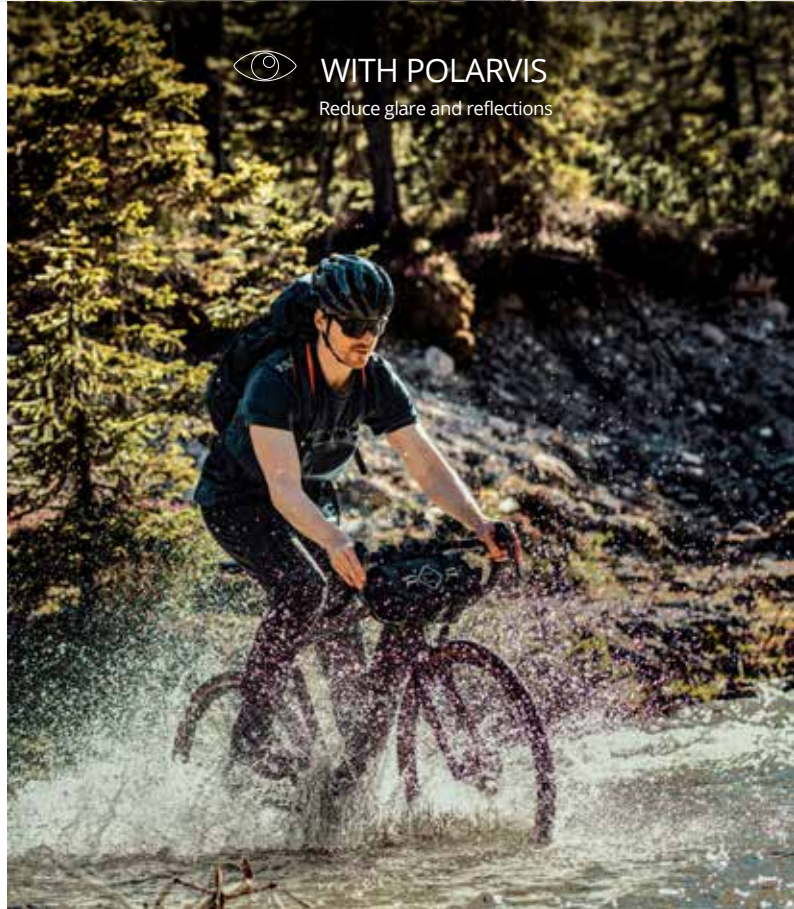

NO POLARVIS

WITH POLARVIS

Reduce glare and reflections

Lens Color	Gray	Purple

Impact-Resistant Lens	V	V
VividVis Lens	V	V

FOTOVIS

FOTOVIS LENS TECHNOLOGY

The light changes but your vision won't. FotoVis Lens Technology reacts like a chameleon, using reactive pigment that senses the intensity of ambient UV light, instantly adjusting lens tint from Category 0 (for cloudy day) to Category 3 (for a sunny day) in few seconds.

	Gold	Red	Green

VIVIDVIS

VIVIDVIS LENS TECHNOLOGY

VividVis Lens Technology cuts through the clutter, filtering out color crossovers for sharp contrast and electrifyingly vibrant hues. Experience unmatched depth and detail on every ride, spotting every contour and texture before you.

NO VIVIDVIS

LENS TECHNOLOGIES

100% UV Protection

All Giant lenses filter only the visible spectrum, letting vibrant colors shine through while blocking harmful UVA, UVB, and UVC rays regardless of conditions.

Anti-scratch Coating

Anti-scratch coating for maximum durability.

Impact Resistant Base Lens

Will not break or shatter easily on impact.

VividVis Base Lens

VividVis technology filters out color crossovers for sharp contrast and electrifyingly vibrant hues.

Hydrophobic + Oleophobic Coating

Giant's Hydrophobic + Oleophobic treatment repels water, oil, and dirt keeping your lenses fog and smudge-free.

IMPACT RESISTANT BASE LENS

Helios and Agos sunglasses series boast a 2mm flexible composition lens that is tested to withstand a quarter-inch steel ball at 102 mph, bending on impact and absorbing energy without shattering.

HELIO SUNGLASSES

FEATURES

- Interchangeable full-vision cylindrical lens for panoramic views and wind-cheating aerodynamics.
- FotoVis Technology for versatility, PolarVis Technology for glare-busting, or VividVis Technology for vibrant detail.
- Oleophobic, hydrophobic and anti-scratch coating.
- 100% UV protection (UV400).
- One-piece dual rubber injection temple tips grip securely without pinching.
- Side vents channel design on both temples for maximum airflow.
- Silicon padded adjustable nose pad.
- One transparent lens, one adjustable nose pad, soft-shell protective case and microfiber bag included.
