Warning

- Read all information in this manual carefully before you start using the Cito E+ Wheel Guard. Safety instructions are very important and should not be overlooked. By reading the manual you will have a better understanding of the general operation.
- Periodically check that all velcro straps and thermoplastic polymer cover are in good condition and not worn or damaged. Loose straps may cause interference with the wheel. Replace if damaged.
- Do not modify the Cito E+ Wheel Guard in any way.
- Compatible with Cito E+ only.
- All four Passenger accessories (Bar, Seat Pad, Foot Rest & Wheel Guard) MUST be used in conjunction with one another other to safely transport passengers on the Cito E+.
- If you are not confident with installation of this product, please consult your local authorized dealer.

Installation

1. Ensure the bike is switched off with kickstand engaged and is on level ground.
2. Remove any accessories that may interfere with the installation and/or use of the Cito E+ Wheel Guard.
3. Cito E+ Wheel Guards are not symmetric and each needs to be attached to the proper side. Start by identifying LEFT and RIGHT Cito E+ Wheel Guard.
4. Find the "L" and "R" stickers on the Wheel Guard. "L" sticker means this panel shall be installed on LEFT side of bike. "R" sticker means this panel shall be installed on RIGHT side of bike. Note that the "Momentum" logo is facing outside and "L", "R" stickers are facing the wheel.
5. Use the velcro straps to attach the Cito E+ Wheel Guard to the inner side of frame of Cito E+. "L" attaches to the left side and "R" attaches to the right side.
6. Double check if the Cito E+ Wheel Guards are properly installed. The Wheel Guards should not move or rotate in any direction.
7. Secure all straps before riding.

Usage information

Suitable for (recommended) passengers:

- . Age: 5 years and up
 - . Body weight: 44lbs/20kg and up to 101lbs/46kg
-
- It may be illegal to carry passengers on a bike in your area even if it has been designed or configured to do so. Check your local regulations before carrying passengers.
 - If installed properly, Wheel Guard prevents bicycle parts, accessories, clothing or parts of the body from coming in contact with moving parts of the bicycle such as tire, spokes or chain.
 - The main rider and passenger(s) are strongly advised to wear a quality protective helmet while riding. Consult your local regulations before riding or carrying passengers.
 - The passenger(s) should only move on or off the seat if the bike is standing still and the main rider is holding the bike securely, standing firmly with both feet on each side of the bike and on the ground.

- The passenger(s) should sit up straight with one leg on each side of the bike, face the same way as the direction of travel and securely hold on to the main rider or a fixed part of the bike. Always make sure feet cannot get entangled in the spokes or other moving parts.
