

# REVOLT ADVANCED 1

## SPECIFIKACIJE

| OKVIR               |                                                                                                         |
|---------------------|---------------------------------------------------------------------------------------------------------|
| VELIČINE            | XS, S, M, M/L, L, XL                                                                                    |
| BOJE                | Midnight Moon                                                                                           |
| OKVIR               | Advanced-grade composite, 12x142mm thru-axle, disc, flip chip dropout, down tube storage                |
| VILICA              | Advanced-grade composite, full-composite OverDrive steerer, 12mm thru-axle, disc                        |
| KOMPONENTE          |                                                                                                         |
| VOLAN               | Giant Contact XR D-Fuse, 31.8mm XS:42cm, S:42cm, M:44cm, M/L:44cm, L:46cm, XL:46cm                      |
| GRIPS               | Stratus Lite 3.0                                                                                        |
| LULA VOLANA         | Giant Contact AeroLight, -10 degree XS:50mm, S:60mm, M:70mm, M/L:80mm, L:80mm, XL:90mm                  |
| CIJEV SJEDALA       | Post Moderne, dropper, 30.9mm, 30mm suspension XS:295mm, S:345mm, M:345mm, M/L:345mm, L:395mm, XL:395mm |
| SJEDALO             | Giant Grit                                                                                              |
| POGON               |                                                                                                         |
| RUČICE MJENJAČA     | SRAM Apex 1, 1x12                                                                                       |
| PREDNJI MJENJAČ     | N/A                                                                                                     |
| STRAŽNJI MJENJAČ    | SRAM Apex XPLR                                                                                          |
| KOČNICE             | SRAM Apex hydraulic, Giant MPH rotors [F]160mm, [R]160mm                                                |
| RUČICE KOČNICA      | SRAM Apex 1, left lever dropper switch                                                                  |
| KAZETA              | SRAM PG-1231, 12-speed, 11x44                                                                           |
| LANAC               | SRAM Apex D1                                                                                            |
| POGON               | SRAM Apex 1 Wide DUB, 40t XS:170mm, S:170mm, M:172.5mm, M/L:172.5mm, L:175mm, XL:175mm                  |
| OSOVINA POGONA (BB) | SRAM DUB, press fit                                                                                     |

| KOTAČI             |                                                                                                                                                                  |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| OBRUČI             | Giant P-X2, alloy                                                                                                                                                |
| NABE               | Giant alloy, 12mm thru-axle                                                                                                                                      |
| ŽBICE              | Sapim                                                                                                                                                            |
| GUME               | Crosscut Grip 45c                                                                                                                                                |
| DODACI             | Giant 1x chain guide, tubeless prepared, 53mm max tire size in "long" flip chip position, 45mm max tire size in "short" flip chip position, in-frame storage bag |
| LIMITS             |                                                                                                                                                                  |
| MAX TIRE CLEARANCE | 53mm                                                                                                                                                             |

## GEOMETRIJA

| OKVIR                                                              | XS                                     | S           | M           |
|--------------------------------------------------------------------|----------------------------------------|-------------|-------------|
|                                                                    | SHORT   LONG SHORT   LONG SHORT   LONG |             |             |
| Dužina cijevi sjedala (mm)                                         | 430                                    | 450         | 470         |
